FIRST OFF... Along with the official beginning of summer, June brings the annual rent guidelines board meeting which determines the rent for all stabilized tenants for the next 2 years. Let's hope for some divine intervention to guide these people toward making a decision that is fair & just. The migration of people out of the city is a moral & cultural crime. Enjoy the summer, support your local vendors when you can & let's work to keep the community strong & vital.

JAMES HUNTER -- PEOPLE GONNA TALK

Every time I put this disc on, I feel like calling Betty Lou to meet me at the candy store for a soda pop ... maybe hang out with Fonzi a bit what I'm gettin at is that this James Hunter disc takes you back to a different time. With traces of Sam Cooke, the Drifters, Jackie Wilson & the like, it's smooth and goes down easy. The songs are well written, traditional pop ditties & James puts them over by really believing in them & the sound surrounding them. His vocals & guitar playing are right on the mark & nothing is over produced. Take a trip with "People Gonna Talk". See you next time on the corner....

Closing Statement: "Little minds are tamed & subdued by misfortune, but great minds rise above them."
