FIRST OFF. As we enter our 23rd year of working day to day in this ever changing printing business, we stay committed to combining old school values with 21st century technology. We set up this month's special with this in mind. On a different note, with the holidays approaching, I always find that this is the best time of the year to be in NY. There's always a special feeling in the air. Find 1 thing to be thankful for & enjoy it.

BILLY BANG,,, VIETNAM the aftermath

Billy Bang assembled 6 vietnam vets for the core group playing on this excellent disc. Together they take you on a journey thru the rice paddies and fields where you can feel the joy of surviving another sunrise and the dread of having to face another sunrise in war. Even at its playful moments, you feel the fear of what may be lurking "out there". The playing is top notch and from the heart & after taking this trip, Billy says in the notes he's "rediscovered the innocence of my spirit & soul." Definitely worth checking out.

See you next time on the corner...
