FIRST OFF... OUR 25th Anniversary Survival Party on Sat. Sept. 15 at The 6B Garden was a blast! Many people showed up and the feeling of community spirit was on every leaf & tree. Very special thanks to **Maryann Rummage & Jean Kononowiz** for helping with the planning, food & decorations. We couldn't have pulled it off without their contributions. **Tom & Jason** from **Veselka** as well as **Nina & Greg** from **Mud** for donating their specialty foods & coffee. And thanks to everyone out there for your support thru the years. We hope we've contributed something positive to your lives as well. As usual, support your local vendors when you can, and keep the community strong, vital and real.

BOB DYLAN --- STREET LEGAL

This overlooked & under appreciated gem came out in the 70's when it was cool to dismiss Dylan's work as "unimportant" or "uninspired" and maybe compared to his 60's output it was but this disc has some fine songs on it. "Baby Please Stop Crying", "Is Your Love In Vain", "New Pony" "True Love Tends To Forget" all rock with raw guitars, swing with a gospel backup crew and give this disc an R&B feel. The more I hear it, the more I like it. I think you will, too. Check it out. I give it 3 bones.
